## **LEAGUE FORMAT:**

This is a Recreational Youth Soccer League. The league includes 7 regular games + 1 guaranteed playoff game.

Players who sign up as individuals will be placed on a house team. House teams will have team practice once a week. Team practice day and time will be announced 1 week before the start of the league.

## **WHY PLAY INDOOR SOCCER?**

- Due to the small sided (fewer players) and fast nature of an indoor soccer game, each player is provided with more touches on the ball. This allows for the opportunity to build better individual ball handling skills including but not limited to: dribbling, passing, and shooting.
- Because the ball does not go out of bounds, the game is faster and players increase their fitness levels without even realizing it.
- Players on house teams receive one practice a week with our trained coaches.
- Players receive more one on one coaching attention because of the smaller roster size.
- Play in our state-of-the-art, air conditioned indoor facility (great for players and spectators who also enjoy free wi-fi!)
- A good option to keep up player development in the off-season!

## **PLAYER PLACEMENT:**

Players are placed on teams through a blind draft by age and skill level to make every attempt to level the playing field between teams in each age division. The League Director reserves the right to adjust teams as deemed necessary. Siblings in the same age groups will be permitted to play on the same team. The Coach's child will be placed with him/her.

## **PRACTICES:**
